1) Claims 23 to 38 are pending in the instant application. Claims 23 to 32, 35 and 36 have been amended as requested by Applicant in the correspondence filed 03 November of 2006.

2) The amendment to the specification that was filed on 03 November of 2006 has not been entered because it does not comply with 37 C.F.R. 1.121, which states that "Amendments to the specification, other than the claims, computer listings (§ 1.96) and sequence listings (§ 1.825), must be made by adding, deleting or replacing a paragraph, by replacing a section, or by a substitute specification, in the manner specified in this section".

3) This application is in condition for allowance except for the presence of claims 1 to 22 and 40 to 51, which are directed to an invention that was non-elected without traverse. Accordingly, claims 1 to 22 and 40 to 51 have been cancelled.

4) The drawings in the instant application do not comply with 37 C.F.R. § 1.821(d), which requires a reference to a particular sequence identifier (SEQ ID NO:) be made in the specification and claims wherever a reference is made to that sequence. M.P.E.P. 2422.02 expressly states that "when a sequence is presented in a drawing, regardless of the format or the manner of presentation of that sequence in the drawing, the sequence must still be included in the Sequence Listing and the sequence identifier ("SEQ ID NO:X") must be used, either in the drawing or in the Brief Description of the Drawings". In the instant application, the text "(SEQ ID NO: \_)" in lines 13 and 17 on page 4 should be completed.

Correction is required.
